

Definition of Active Participation

The first requirement for Ranks of Star, Life and Eagle is to be active in your Patrol and Troop for at least 4 month for Star, 6 months for Life and 6 months for Eagle. The Troop has defined the minimum requirements to fulfill these requirements as follows:

1. Actively participation in weekly Troop meetings. The attendance requirement is 3 meetings during the month or two meetings and the monthly campout. This part of the requirement can be achieved on a month to month basis and can normally be achieved while earning your leadership requirements for each rank unless your leadership position detracts from your active participation in the evening's activities.
2. Participate in the Troop's monthly camping program.
 - A. Star camping requirement: attend a minimum of 2 monthly campouts excluding Summer Camp, Winter Camp and or High Adventure trips.
 - B. Life camping requirement: attend a minimum of 3 monthly campouts. Only one of the required campouts may come from Summer Camp, Winter Camp and or High Adventure Trip.
 - C. Eagle camping requirement: attend a minimum of 3 monthly campouts. Only one of the required campouts may come from Summer Camp, Winter Camp and or High Adventure Trip.

Note: Campout participation will be counted on a rolling 12 months basis. The rolling 12 month period will start over as each rank is earned.
